Baptist Convention of New York

2011 Youth Mission Trip

The Baptist Convention of New York will be taking a group of high school youth to Puerto Rico on July 2011. We will be joining efforts with a local church and a New Church Plant in the San Juan Metro area to have Vacation Bible School (VBS) and Community Outreach Projects.

Last summer we partner with Louisiana and took a team of 70 students to two locations in Puerto Rico. We had a great week with 225 kids attending VBS that week and 432 people from the community attended the closing ceremony. As a result 136 adults and children accepted Christ as Lord and Savior that week, the church is more influential in the community and our students came back passionate about serving.
