

You can put your faith into action!

“There seems to be no area of mission action that requires more rapid response than time of disaster. The disaster comes unexpectedly and with it the opportunity for immediate ministry. If we are unprepared when it strikes and delay action, the opportunity passes with the urgent need.”

Laddie Adams, Involving Baptist Men in Disaster Relief

BCNY's Disaster Relief Program is part of the North American Mission Boards Mobilization group. We would love to help you become part of that mission outreach program.
